

## FORMOSA BOW FRONT AQUARIUM KITS

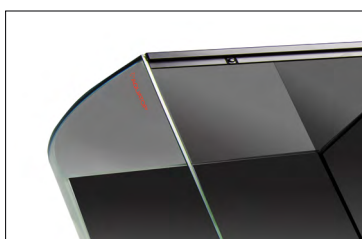

Aquatop's new BFK Series of Bowfront desktop aquariums offer a sleek vertical bow front glass panel that provides a contemporary look to any setting. These stylish new aquariums are constructed with high clarity low iron glass for incredibly clear viewing. Available in 8-, 13-, and 21-gallon sizes. All come with an integrated pump to power the back panel filtration system with easy to change media. Also included is an ultrabright LED light fixture with 3-color RGBs that is easily adjustable using the included Infrared Remote Control. All models also include a glass lid. The BFK Series aquariums are safe for fresh or saltwater aquariums and will provide years of enjoyment.
