

FEATURES

- Simple design made from durable, wear-resistant materials.
- Comes with 2 non-slip, easy-to-use pads.
- The internal and external brushes are designed with efficient cleaning materials that easily scrape algae and other stains without damaging glass.
- The internal half features a convenient floating design to prevent accidental sinking into the aquarium.

NOTICE

- 1. This product produces a strong magnetic field. People with a heart pacemaker should not operate. Magnetic interference from this product can cause injury.
- 2. Children should not use this product to avoid injury from pinched/crushed fingers.
- 3. Keep this product away from iron products, monitors, TVs, watches, mobile phones, laptop devices, tablets, credit cards and other similar products to avoid damage.
- 4. This product is sealed. Do not attempt to disassemble or cut, or it will not function as designed.
- 5. Read all instructions before using.
- 6. After use, rinse completely in freshwater, wipe away any debris and dry it before storage.
